IS YOUR CHILD STRUGGLING TO COPE IN A MAINSTREAM SCHOOL ENVIRONMENT?

Are you considering an alternative educational approach that better supports your child's unique learning needs? Does your child find it difficult to **concentrate**, **communicate**, or **connect** with other learners?

Perhaps your child is on the **Autism Spectrum (ASD)** or experiences **Attention Deficit Hyperactivity Disorder (ADHD)**.

At The Olive Tree School, we understand that every child learns differently, and we're here to help them grow, learn, and thrive.

The Olive Tree School is a private, specialised school and aftercare centre in Potchefstroom, supporting learners from Grade RR to Grade 7 who are on the Autism Spectrum (ASD) or who experience ADHD.

We provide a personalised and well-balanced learning programme that focuses on each child's individual strengths and needs. With small classes of up to seven learners, guided by a dedicated teacher and assistant, our approach combines structured teaching with interactive, group-based learning experiences.

Our sensory room offers a calm, soothing environment that helps reduce anxiety and improve focus, while our occupational therapy room encourages physical development and sensory integration.

We offer a full-day programme from 07:30 to 13:30, as well as aftercare from 13:30 to 16:30, providing a safe and nurturing space for children to grow and flourish.

Applications are open throughout the year. For more information, or to receive application forms, please contact us via email.
